

# Youth Ministry

## - Good News!

We are delighted to share the news that, through the grace of God, a Youth Ministry Enabler has been appointed to serve at Taranaki Cathedral and for the Taranaki Bishopric.

**Karen Teo** - who has experience as a social worker, in youth ministry, and is a person of prayer and faith - has accepted a calling to this new role. We are very thankful to God for Karen's appointment - and look forward to her joining our team during January.

Karen writes, *"It is with great honour and privilege that I have undertaken this role of Youth Enabler for the Taranaki Cathedral and Taranaki Bishopric. I am here, as an instrument of God, to render my services to the youth of the Cathedral and the wider community. It is my wish, hope and vision that many more youth will get to know Christ and be transformed by His Peace, Grace and Love. I am looking forward to meeting my fellow brothers and sisters in Christ so that we might all work collaboratively and synergistically together for our good and the good of all His Church."*

*Karen will be commissioned in this role at the 10am service on Sunday 29th January at Taranaki Cathedral.*
